

## Takeaway Food and Delivery Services

Catalans love to eat out - it's a rich and endearing part of their culture and offers them an excuse and a focus for family get-togethers.

However, as most families like to dine out many restaurants do not provide 'home dining' services and so Sitges takeaway food options are a little more limited.

That said, alongside the usual pizza delivery options, you can also get some traditional Catalan home cooking, great Italian and Mediterranean food, curries, kebabs and Japanese tapas!

Please do feel free to tip the drivers - they don't earn a lot, and this should help improve the service for everyone!!
