

## Sitges Pharmacies and Dispensing Chemists

Sitges chemist / pharmacy information, including weekly rota, normal opening times, locations and other information.

Sitges has several pharmacies filling doctors prescriptions and selling over the counter medicines. All are clearly signposted by bright green neon crosses outside the shops.

As well as medications, pharmacies stock 'alternative' therapies; herbal treatments; hygiene products and cosmetics.

In Catalunya many medications do not require a doctor's prescription. Pharmacists are well qualified to advise on appropriate treatments, and speak very good English.

### Sitges Pharmacies Opening Hours

On weekdays pharmacies in Sitges open around 10:00 and then close for siesta for 2 hours sometime between 13.30 and 16.30. In the afternoon they normally stay open until around 20:00.

A rota system ensures one pharmacy is open from 09:00 to 21:00. matching the [Sitges primary healthcare clinic \(CAP\)](#) opening hours. Outside these hours there is no duty pharmacy open within Sitges. For urgent medical attention or supplies the closest towns with an open pharmacy are Vilanova and Sant Pere de Ribes (both within 20 minute drive from Sitges)

### Medication Costs

Even if you have 'European Health Insurance Card' pharmacies will normally charge you for medication, even if prescribed by a Catalan Doctor.

Medicines bought over the counter are much more expensive than the same when given with a prescription.

### Sitges 09:00 - 21:00 Pharmacy Coverage; 18 to 30 June 2014:
